## School Accountability Report Card

### Reported Using Data from the 2018-19 School Year

#### Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## School Description and Mission Statement (School Year 2019-20)

Vision Statement: Maximize our unlimited potential one student, one story, one family at a time.

Mission Statement: Dale Junior High School is to provide a caring environment which allows every student the opportunity and skills to LEAD.

### Highlights:

Dale Junior High School is a collaborative learning community, preparing students for the 21st century. Dale Junior High School offers a rigorous curriculum and many opportunities to explore elective classes. Dale Junior High School has a strong after-school program with a variety of opportunities for exploration, including sports, and tutoring. Teachers collaborate weekly to refine curriculum and instructional methods in their professional learning communities.

In 2015, Dale Junior High School received a Gold Ribbon award for LEAD time, which is its intervention/enrichment period. LEAD stands for Leadership, Effort, Academics, and Determination. The staff recognized a need for student support and figured out a plan to help students. The LEAD program offers students choices for intervention and enrichment, and helps students reduce D/F grades. The LEAD time advisement period is used for reteaching content, retaking tests, make-up work, completing homework, or enrichment. It is a great opportunity for students to receive extra help from teachers. LEAD time supports students during the school day and shows kids that we care about their success.”

### School Facility Conditions and Planned Improvements (Most Recent Year)

The Dale Junior High School facility opened in 1959. The 27 acre site includes 41 regular classrooms and a number of portable classrooms. There are 2 computer labs as well as groupings of computers in every classroom. There are specialty classrooms for conducting science labs, or for running the music programs. The site also has a cafeteria, a media center, a gym and a variety of sports fields.

Maintenance and Repair: Site and District maintenance staff ensure that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service. Emergency repairs are given the highest priority.

Cleaning Process and Schedule: The District's Board of Trustees has adopted cleaning standards for all schools. The administration works daily with the custodial staff to develop schedules to ensure a clean and safe school. All classrooms and restrooms are cleaned daily. Deep cleaning, including waxing of floors and painting, takes place during times when students are not in classes. Students, parents, and staff are encouraged to report any objectionable conditions via a uniform complaint procedure.

Dale is currently undergoing a multi-million dollar upgrade to facilities to enhance instruction and improve campus safety.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in ELA and Mathematics for All Students

#### Grades Three through Eight and Grade Eleven

#### Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19

<b>Mathematics (grades 3-8 and 11)</b>	18	21	27	28	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

### Opportunities for Parental Involvement (School Year 2019-20)

Parents are actively involved with Dale Junior High School through the Parent Teacher Student Association (PTSA), athletics, performing arts, Advancement Via Individual Determination (AVID), and the School Site Council. Dale Junior High School has a strong volunteer program, which encourages parents to get involved. There are monthly Parent Partnership meetings (coffee Chats that discuss a multitude of different topics varying from academics to social emotional needs as well as Parent Leadership Academy twice yearly) which educate parents about teens and their community. The topics for these meetings are determined by the parents. There are five English Learner Advisory Committee (ELAC) meetings held each school year.

The Greeter Program facilitates parent volunteers to greet students in the morning when they arrive at school. The parents provide a welcoming "hello" and a smile to start each student's day. Student performances and information nights, which encourage parent participation, are held throughout the school year. Parents are encouraged to be part of Dale's education system. Parents are invited to Parent Learning Walks 4 times a year to observe 5C's in action. Parents are welcome to meet with staff members to discuss the learning experiences of their students. Through the Aeries Student Information System, parents are able to view student grades, check on discipline, monitor attendance, and update home information daily. Our counselors organize parent/teacher conferences to discuss progress. We also encourage our families to participate in Back to School Night, Open House, and any performances held at Dale or in the community."

Input is gathered from staff, students, and community resource groups along with the School Site Council in order to determine any needed changes. The Dale Jr. High School Safety Plan is implemented by staff members. No less than four safety/evacuation drills are conducted throughout the school year. Students, teachers, and other faculty members are required to participate in these drills. Other key elements discussed were immunizations and construction safety procedures.

### Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	4	4	4

Teachers participate in a variety of District in-services as well as professional development workshops and conferences to enhance their content knowledge and instructional skills. This is in addition to two non-student days and weekly late-start meetings, which are scheduled each year for professional learning activities. New teachers are also required to participate in the teacher support program called Induction. The District and school continue to train teachers in strategies to deliver a differentiated curriculum with depth and complexity. Teachers learn to utilize students' assessment results in order to target instruction to better meet the individual needs of students. Classified staff members have many opportunities to participate in training designed to enhance their effectiveness with students. All District staff members are supported in their efforts to deliver highly effective lessons. Teachers and administrators are given many opportunities to examine current instructional programs and strategies and realign with state curriculum performance and content standards. Research-based instructional strategies are reviewed and implemented.

In addition to what the district provides, Dale Jr. High School has weekly professional development opportunities on Tuesday's late start days. The time is utilized by departments, specialized programs, and cross-curricular articulation. All educational staff is involved in a variety of workshops and conferences.
