

# Community Schools & Family Engagement

## January Newsletter

### Mobile Vision Clinic

Our first Mobile Vision Clinic was a success! Thanks to the new partnership we have established with the non-profit organization Serve the People, students had the opportunity to get a FREE eye exam and glasses. Our second clinic will be held in February here at Dale Jr High!

### What is a Community School?

A Community School is a safe place at the heart of the community where students, staff, and families are connected and work together to expand the opportunities and address the needs of the whole child so that all students can thrive and realize their unlimited potential.

### Parent Greeter Program

This month we launched our Parent Greeter Program!

The purpose of the program is to continue building a welcoming and safe environment before and after school where parents and students have a sense of belonging. Thank you to the parents who already participated as volunteers in the first week!

If you are interested in participating, please contact us.

### Servathon

This month Servathon was held and our Community Schools and Family Engagement team collaborated with the organization Love Anaheim to prepare hygiene kits for the community. Several of our students volunteered their time on this project.
